3. Big Goals

Here is where you express your current 3 big goals. Keep them short and succinct.

Think about what they are, rather than how you will achieve them at this point.

Here's a example:

- 1. Create the largest group of UK diverse female entrepreneurs*
- 2. Practice a good work / life balance, with more stability*
- 3. Help as many entrepreneurs as possible to business success*

Thats it, You profile is complete. Now you can start following other members to see their profile, blog and forum posts.

Many Thanks
